**EMERGENCY IMMIGRANT EDUCATION PROGRAM (EIEP) ELIGIBILITY**

If born outside the U.S., give date first entered ANY U.S. school, K-12: MONTH \_\_\_\_\_ YEAR \_\_\_\_\_, this includes all 50 states, the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands. As part of the criteria for emergency immigrant, the child must not have been attending schools in any one or more states for more than three full academic years. Therefore, if a child was born in China, moved to Guam and was educated there for three years and then entered a Torrance school, he would not qualify for emergency immigrant funds.

**All medication, including over-the-counter medications taken at school requires a physician's order and must be accompanied by a TUSD medication form. Forms are available in the school's health office.**

### Policies Regarding Medication at School

According to the California State Education Code 49432, definite procedures must be followed with regard to taking medications at school. During the regular school day, any pupil who is required to take medication prescribed by a physician must provide:

- 1 A written statement from the physician stating the method, amount and time in which medication is to be taken and relevant side effects.
- 2 A written statement from the parent or guardian of the pupil granting their permission that the physician's orders are carried out, and
- 3 The medication in the original pharmacy container; labeled by a California pharmacist giving the student name, doctor name, drug, dosage, route of administration and schedule.

All medication is to be kept in the health office, unless otherwise arranged with the District Nurse. A parent or guardian can bring a prescribed medication to the school office and give it to their student directly. A District Nurse or Health Assistant is not present at the school site at all times or on all days when the school is in session. Therefore, because non-medically trained District personnel may be providing emergency assistance, parents must assure that physicians provide complete, precise, legible directions and instructions. The District is not responsible for notifying parents before or after prescribed medication is depleted or the expiration occurs. Expired medications will not be administered. The completed medication form(s) expire at the end of the school year and will need to be renewed annually.

### Disaster / Emergency Information

In the event of a natural or community disaster/emergency, students and staff may be required to remain on campus for several hours or several days. If your student requires medication/treatment, which, if he/she were unable to receive, may result in a life-threatening condition, it would be prudent to have the medication/equipment, medication forms and training in place. If you and your physician determine that it is necessary to have a three-day supply of medication/equipment stored at school, please contact the school Health Office.

Does your child have health insurance?     Medi-Cal / Covered CA     Private Company     Not currently insured

**If there is a new diagnosis/health condition or medication changes, it is important that you contact the Health Assistant or District Nurse to update the health information in your student's health record.**

I have read and completed the Health History Information form. I understand that health information is confidential and is shared with staff on a need only basis. I will notify the health office at my school site of any changes in my child's health condition or change of medication. I give permission to have my child screened (vision, color vision, hearing, blood pressure, scoliosis, acanthosis nigricans, dental and height and/or weight) as necessary throughout the school year.
